

15. What are your feelings about the quality and quantity of information your received to prepare you for elect

The quality of the information was good.
The Quality is well. So, given there is so much to take in. I personally feel as though I need more time, but can't s
We only had one wiring project before the lelctvical circuit. So I feel we dint receive much information.
need more handson and explanation because after a while you forget
Quality and quantity were more than enough to prepare for electrical circuit wiring. Teaching us how to write no
I feel like I get it a little bit, but need ask more questions.
A lot of information at a very rapid pace, and its quality information, but if you don't know what it means, or how

16. How well did this information prepare you to do the electrical circuit wiring?

The information prepared me well for the electrical wiring
I did not understand the diagram, so it took me quite a while. Other students finished quite quickly.
the information we did receive, was helpful
good on the first project but by the second project it had been a while and I forgot how to do it
More than enough. We really only needed how to write node list to make everything easier; however, it was not
I know more now than when I started the class.
not very well, the hands-on lab classes were more beneficial to me.

17. How well did this instructional information cover methods of circuit wiring?

He covered all the methods of circuit wiring clearly

Quite well. As many students nearly completed the project.

it was brief

OK

Unsure what is meant by "method of circuit wiring". If this is regarding the circuit before the wiring test, it was m

very good

It covered them, but again the pace was way too fast.

18. Did you know any methods planning and circuit wiring that you did not use? If so, what were they and why

I used all the methods as the instructor explained.

no

yes, the node list. we did not receive how to node-list.

none

No, I did not have any method. Everything I used was off what professor graham taught.

no

unknown?
